FACT SHEET AND FUNDING  
POLICY

Welcome to the City of Green Bay's Community Development Block Grant (CDBG) Program FY 2016 Request for Proposal (RFP). The City of Green Bay receives a Community Development Block Grant (CDBG) annually from the U.S. Department of Housing and Urban Development (HUD) to fund activities that primarily benefit low- and moderate-income (LMI) residents of Green Bay. These funds are based on a formula for entitled cities and counties.

The City of Green Bay is using a competitive application process to make a portion of its CDBG funds available to non-profit groups who will administer fair housing services. The City of Green Bay defines fair housing services as a high priority need and the United States Department of Housing and Urban Development (HUD) requires that the City utilizes a portion of its CDBG funds toward the promotion of fair housing. The City has set aside a 2016 allocation of \$15,000 for the purpose of providing fair housing services.

The total estimated amount of funding available for 2016 Fair Housing Services is \$15,000.

Because the legitimate needs of Green Bay's low and moderate income population exceeds full funding available, this is a very competitive process. Organizations may submit only one application for funding. If two or more organizations collaborate, the partnership represents the nonprofit's only opportunity to apply.

Applications for fair housing service grants will be accepted from October 20, 2016 to November 18, 2016, at 4:30 p.m. An original and one (1) complete copy (including attachments) of your application must be submitted to:

Redevelopment Authority of the City of Green Bay
